

Events & Community

Real industry exposure through IT events, hackathons, and education-focused sessions.

IT UNPLUGGED 2026

Industry networking

Technology, business, and people-focused IT event at CSK Lublin.

- talks with practitioners
- AI, cybersecurity, career context
- networking outside school

CIVIL42 HACKATHON

Dual-use teamwork

24h+ hackathon focused on crisis-response systems, AI, and cybersecurity.

- time pressure
- team delivery
- real-world constraints

TECHNI SCHOOLS

Vibe Coding lecture

Led sessions about AI-assisted development tools and why fundamentals still matter.

- Codex, Claude Code, Antigravity
- developer workflow and foundations

Signal for recruiters

- comfortable outside tutorials
- active in real tech environments
- can present and collaborate

IT UNPLUGGED

TECHNOLOGY / BUSINESS / PEOPLE

Beyond code-only work

Events like IT Unplugged show how technology, business, security, and people connect in practice.

Civil42 Hackathon

AI tools lecture
